Saba Art

Message Templates Feature

Dashboard Feature Specification — WhatsApp & Instagram Templates

Prepared by	Date	Version	Status
Development Team	2 October 2026	v1.0	For Client Review

1. What is the Templates Feature?

The **Templates** module allows the business owner and staff to create, manage, and send pre-written message templates to customers — through **WhatsApp** and **Instagram** — with a single click.

Instead of typing the same message every time ("Your order is dispatched, tracking ID is..."), the team simply picks a template, fills in the customer-specific details, and sends it instantly.

Templates work for:

- Delivery and order updates
- Payment requests and confirmations
- Festival and seasonal offers
- Custom order confirmations
- General business communication

2. Why Templates?

Problem	Solution with Templates
Staff spend time typing the same messages repeatedly	One click to select and send
Inconsistent tone across different staff members	Every message follows the same brand voice

WhatsApp requires pre-approved formats for broadcast	Templates are structured and approval-ready
Festival offers need to reach many customers quickly	Festive templates connect to the Broadcast feature
Customer misses important details (tracking ID, amount)	Variables ensure no detail is ever forgotten

3. How Templates Work — The Variable System

Templates use **variables** — placeholders that automatically fill in with the right information for each customer. When a template is sent, variables are replaced with real values:

Variable	What it becomes (example)
`{customerName}`	Priya Nair
`{product}`	Ocean Coaster Set of 4
`{amount}`	₹1,200
`{trackingId}`	DTDC-9823741
`{deliveryDate}`	7 October 2026
`{balanceAmount}`	₹600
`{eventName}`	Onam
`{leadTime}`	5 days
`{advanceAmount}`	₹600
`{offerEndDate}`	30 September 2026

Before sending:

> "Hi {customerName}! 🎉 Your order for {product} is confirmed. Amount: ₹{amount}. Production starts now! 💞 "

What the customer receives:

> "Hi Priya Nair! 🎉 Your order for Ocean Coaster Set of 4 is confirmed. Amount: ₹1,200. Production starts now! 💞 "

4. Template Categories

Templates are organised into **5 categories** for easy management and search.

📦 Category 1 — Delivery Templates

6 templates

Used to keep customers informed about their order journey — from confirmation to delivery.

Template Name	Channel	When to Use
Order Confirmed	WhatsApp	When order is placed and advance is received
In Production	WhatsApp	When team starts making the product
Ready to Dispatch	WhatsApp	Product complete, balance payment needed
Dispatched	WhatsApp	When product is handed to courier
Delivered	WhatsApp	To confirm delivery and ask for review
Instagram Update	Instagram	Short delivery status via Instagram DM

Full Template Content

Order Confirmed (WhatsApp)

"Hi {customerName}! 🎉 Your order for {product} is confirmed. Amount: ₹{amount}. We'll start production right away! 💞 "

In Production (WhatsApp)

"Hi {customerName}! 🌸 Just wanted to let you know — your {product} is now being made. It'll be ready in about {leadTime} days. Excited to show you! ✨ "

Ready to Dispatch (WhatsApp)

"Hi {customerName}, your {product} is ready and looking beautiful! 🌸 Please complete the balance payment ₹{balanceAmount} to UPI: asharesins@okaxis (Google Pay / PhonePe / UPI). We'll dispatch as soon as payment is confirmed!"

Dispatched (WhatsApp)

"Great news {customerName}! 🚚 Your {product} has been dispatched via Shiprocket. Tracking ID: {trackingId}. Expected delivery: {deliveryDate}. You can track it on the Shiprocket website. 💕 "

Delivered (WhatsApp)

"Hi {customerName}! Hope your {product} arrived safely 🌸 We'd love to see it at your home — tag us on Instagram @saba_art if you share a photo! And do let us know if everything is perfect 💕 "

Instagram Update (Instagram)

"Hi {customerName}! Your order is on the way 🚚 Tracking ID: {trackingId}. Expected by {deliveryDate}. DM us if you need anything! 🌸 "

💳 Category 2 — Payment Templates

3 templates

Template Name	Channel	When to Use
Advance Payment Request	WhatsApp	After custom order discussion, to collect 50% advance
Payment Confirmed	WhatsApp	To acknowledge received payment
Balance Payment Reminder	WhatsApp	Before dispatch, to collect remaining amount

Advance Payment Request (WhatsApp)

"Hi {customerName}! 😊 To confirm your custom order for {product}, we need a 50% advance of ₹{advanceAmount}. You can pay to: UPI ID: asharesins@okaxis (Google Pay / PhonePe / Bank Transfer). Once received, we'll start right away! 💕 "

Payment Confirmed (WhatsApp)

"Hi {customerName}! ✅ We've received your payment of ₹{amount}. Thank you! Your {product} will be ready in about {leadTime} days. We'll keep you updated 🌸 "

Balance Payment Reminder (WhatsApp)

"Hi {customerName}! 🌸 A gentle reminder — your {product} is ready to ship! The balance amount is ₹{balanceAmount}. UPI ID: asharesins@okaxis. We'll dispatch within 24 hours of receiving payment 🚚 "

🎉 Category 3 — Festive / Event Templates

7 templates

Used during festivals and seasonal campaigns. These templates connect to the **Broadcast** feature to reach many customers at once.

Template Name	Channel	Festival / Event
Onam Special Offer	WhatsApp	Onam (August–September)
Diwali Collection	WhatsApp	Diwali (October–November)
Christmas Collection	WhatsApp	Christmas (December)
New Year Wishes	WhatsApp	New Year (January)
Valentine's Day	WhatsApp	Valentine's Day (February)
Mother's Day	WhatsApp	Mother's Day (May)
Custom Event	WA + IG	Any occasion

Onam Special Offer (WhatsApp)

"Onam Ashamsakal {customerName}! 🌸🎊 This Onam, enjoy 15% off on all Coaster Sets and Photo Frames. Limited time — valid until {offerEndDate}. Reply to place your order! — Saba Art 🌺 "

Diwali Collection (WhatsApp)

"Shubh Deepawali {customerName}! 🪔✨ Our Diwali special resin collection is now available — perfect gifts for family and friends. Reply to order or visit @saba_art 💫 "

Christmas Collection (WhatsApp)

"Merry Christmas {customerName}! 🎄🌟 Our limited Christmas resin collection is here — festive coasters, clocks and more. Order now for delivery before Christmas! Reply to this message 💕 "

Custom Event Template (WhatsApp)

"Hi {customerName}! 🌸 {eventName} special from Saba Art — {offerDescription}. Valid until {offerEndDate}. Reply to order! 💕 "

🎨 Category 4 — Custom Order Templates

3 templates

Template Name	Channel	When to Use
Custom Order Enquiry Response	WhatsApp	When customer asks about customisation
Custom Order Summary	WhatsApp	Confirm all details before production
Bulk Order Quote	WhatsApp	For orders of 10+ pieces

Custom Order Enquiry Response (WhatsApp)

"Hi {customerName}! 😊 We'd love to make a custom {product} for you! We can customise: colours, name/text engraving, dried flowers, and more. Lead time is about {leadTime} days. The base price is ₹{amount}. What design are you thinking? 🌸 "

Custom Order Summary (WhatsApp)

"Hi {customerName}! 📋 Here's your custom order summary: Product: {product} | Design: {designDetails} | Total: ₹{amount} | Advance (50%): ₹{advanceAmount} | Lead time: {leadTime} days. Please confirm, and we'll send payment details 💕 "

Bulk Order Quote (WhatsApp)

"Hi {customerName}! 😊 For your bulk order of {quantity} pieces of {product}: Base ₹{pricePerPiece} × {quantity} = ₹{totalAmount}. Bulk discount (10%): -₹{discountAmount}.
Final: ₹{finalAmount}
. 50% advance required. Shall we proceed? 🌸 "

📣 Category 5 — General Templates

4 templates

Template Name	Channel	When to Use
Review Request	WhatsApp	After delivery, to ask for Google/IG review
Business Hours Reply	WhatsApp	When replying outside working hours
Thank You Message	WA + IG	After delivery, to build loyalty
We're Back Open	WhatsApp	After holidays or closure

Review Request (WhatsApp)

"Hi {customerName}! 🌸 We hope you're loving your {product}! If you have a moment, a quick Google review would mean the world to us 💕 [Google Review Link]. Thank you! — Saba Art"

Business Hours Reply (WhatsApp)

"Hi! 🌙 Thank you for reaching out to Saba Art! We're currently closed. Our working hours are Monday to Saturday, 9:00 AM – 9:00 PM. We'll reply to your message as soon as we open. 🌸 "

5. How Staff Uses Templates (Step-by-Step)

```
Step 1 → Open the customer's conversation
Step 2 → Click "📝 Use Template" button in the reply box
Step 3 → Template picker opens — search or browse by category
Step 4 → Click a template to preview it
Step 5 → Fill in required variables
          (Note: {customerName} fills automatically from customer profile)
Step 6 → Review the final message in the live preview
Step 7 → Click "Insert" → message appears in the reply box
Step 8 → Make any final edits → Send
```

> ⚠️ **Note for staff:** Staff can view and use all templates when replying to customers. Staff cannot create, edit, or delete templates — only the Admin can do this.

6. How Admin Manages Templates

From the **Templates page** (`/templates`) in the dashboard, the Admin can:

- View all templates organised by category with search
- Create new templates using the template editor
- Edit any existing template
- Duplicate a template (useful for creating variations)
- Delete a template (with confirmation step)
- Set channel: WhatsApp / Instagram / Both

Template Editor Features

- Name field and category dropdown
- Channel toggle: WhatsApp / Instagram / Both
- Body text editor with **variable autocomplete** — type { to see all available variables
- Live preview — see exactly how the message looks as a real WhatsApp or Instagram bubble
- Character count indicator

7. Templates + Broadcast Integration

Festive and event templates work directly with the **Broadcast** module to reach many customers at once:

```
1. Go to Broadcast page
2. Select audience:
   ☑ All Customers (142)
   ☑ Previous Buyers (89)
   ☑ Priority Customers (12)
   ☑ Favourites (23)
3. Pick a Festive template (e.g. Onam Special Offer)
4. Fill variables: offerEndDate → "30 September 2026"
5. Preview as WhatsApp bubble — confirm it looks right
6. Schedule: 6:00 AM on Onam day  OR  Send Now
7. Live results: Sent: 89 → Delivered: 84 (94%) → Read: 55 (61%)
```

8. WhatsApp vs Instagram — Key Difference

Feature	WhatsApp	Instagram
Template approval (for broadcast)	Required by Meta	Not required
Broadcast support	✅ Yes	❌ DM only
Variable support	✅ Full	✅ Full
Best for	Delivery updates, payment, offers	Quick replies, DM conversations
Character limit	1,024 characters	1,000 characters

⚠️ **Important:** WhatsApp broadcast messages sent to multiple customers must use **Meta-approved templates**. When a template is created for broadcast, the Admin submits it for Meta approval from the Settings page. Approval typically takes **1–2 business days**. Direct one-to-one reply templates do not require approval.

9. Pre-loaded Templates (Ready on Day 1)

The following templates come pre-loaded — no setup required:

#	Template Name	Category	Channel	Status
1	Order Confirmed	Delivery	WhatsApp	✅ Ready
2	In Production	Delivery	WhatsApp	✅ Ready
3	Ready to Dispatch	Delivery	WhatsApp	✅ Ready
4	Dispatched	Delivery	WhatsApp	✅ Ready
5	Delivered	Delivery	WhatsApp	✅ Ready
6	Instagram Update	Delivery	Instagram	✅ Ready
7	Advance Payment Request	Payment	WhatsApp	✅ Ready
8	Payment Confirmed	Payment	WhatsApp	✅ Ready
9	Balance Payment Reminder	Payment	WhatsApp	✅ Ready
10	Onam Wishes + Offer	Festive	WhatsApp	✅ Ready
11	Christmas Collection	Festive	WhatsApp	✅ Ready
12	Custom Order Enquiry	Custom Order	WhatsApp	✅ Ready
13	Bulk Order Quote	Custom Order	WhatsApp	✅ Ready
14	Review Request	General	WhatsApp	✅ Ready
15	Business Hours Reply	General	WhatsApp	✅ Ready

The Admin can add, edit, or delete any of these at any time.

10. Access & Permissions Summary

Capability	Admin	Staff

View all templates	✅	✅
Use templates when replying to customer	✅	✅
Create new templates	✅	❌
Edit existing templates	✅	❌
Duplicate a template	✅	❌
Delete templates	✅	❌
Send broadcast with template	✅	❌
Set template channel (WA / IG / Both)	✅	❌
